NO. 69.

THE BODIE ROAD.

Sage Reflections on the Journey
by a New Comer.

A Dull Landscape and Monotonous
Road.

[By a Special Correspondent.]

The last thing I remember of Reno, I was sitting in Hammersmith's barber shop reading the GAZETTE's great prize story, and as I neared the end a feeling of uneasiness stole over me. When I reached the point where the foreman calls in two men to aid him in conceiving an idea, I became a raving maniac and knew nothing more until I found myself in Carson, seated beside the driver of the Bodie stage. As soon as loaded we rolled away, crossing the river about four miles from town. The first twelve miles of

THE ROADS ARE VERY HEAVY.

The sand is from four to six inches deep. A good part of the way the track is filled in with sagebrush, which may improve it in the end, though it only complicates matters now. At the first station out we got a good dinner. The station is kept by Mr. Curtis, formerly of Truckee. A few hours after the road crossed the divide of Carson valley and we parted with the handsome meadows and many evidences of thrift with regret. A good deal of work is being done in the way of constructing dams across the mouth of canyons, so as to save as much as possible of the spring floods, and also to the scanty supply. The road keeps on the east side of the valley, and the ranches lie at the west side. Hence, nestled close to the mountains, and is only seen at a distance. There is no attempt at cultivation, to speak of, between Carson and Antelope valleys. The latter is watered by Walker river, and has some fine hay and stock ranges. Between the two lies

PINE NUT VALLEY.

where the hills are covered with the nut-bearing pine, a low, bushy tree, looking like our juniper, but more picturesque, as it grows taller with better outlines and stronger limbs. It seems to be confined exclusively to the sides of the mountain. None grow on the level land. This tree is not only a handsome addition to the landscape, but it is of the highest value to settlers and miners for fuel, for which purpose it is worth 20 per cent. more than any other wood. Its grain is very close and the fiber very hard, something like mountain mahogany, but with large quantities of pitch. It grows more scattering all the way to Aurora, to the exclusion of everything else, except rarely a juniper or cedar. The pine nut is not appreciated in its own country. It is very rich and nutritious, and contains oil that will find its way into commerce before many years. It is gathered by the Indians, the burr scraped off and the nut roasted in fire as peanuts are, and is then ready for market.

SIXTY TONS A YEAR

are said to be the average yield for Pine nut valley. There are some new mines at Wellington which promise to be very good. In Smith's valley, A. McTarnahan, an old lumber and wood man of Washoe county, has one of the finest ranches in the state. He has a ditch from the Walker river, which can be extended to cover thousands of acres of fine land. He has thirty acres of potatoes and three hundred acres of alfalfa, and a herd of five hundred fine goats. He refused \$35 for his hay last fall and is now selling it in Bodie for \$80. Mr. Williams has one of the finest residences in the state at Sweetwater, and a fine ranch around it. A great deal of freight goes over the road. Wheeler & Co. have 20-horse teams, which leave Carson daily, making the trip in three days, hauling 40,000 to 45,000 pounds. The toll is \$38 per team for the round trip. They go north with empty wagons. The road to Aurora is free from rocks and dust. There is a station every twelve or fifteen miles where a man can get a good meal. Otherwise the road is pronounced by the average traveler, to be very uninteresting; and so it may be to some, but to me, new parts of this great basin always are gone over with a mixture of curiosity and cheerfulness. It is true that running brooks and groves of trees, mossy banks and green awards, would be much more attractive to even my rude taste, but the absence of all these among the bare mountains, brings into prominence

THE WONDERFUL DISPLAY OF POWER which wrinkled and cracked the shell of the country, throwing up the vast ranges and shooting peaks up among the clouds. The rough corners are ground down, the sharp points knocked off, the faces wrinkled, creased, indented and colored in an exquisite manner by the great artist whose name is Time, whose chisel is the rushing flood and the shivering earthquake, whose polishers are the frost, the whistling wind, the sliding avalanche and the rolling rock, who mixes his colors deep in the bowels of the earth and in the slow ages lays them on

with the delicate shadings and harmonious contrasts which man has from his rudest to his best days labored in vain to imitate. The only approach to a grade on the whole line is between Junction and Aurora, which is about five miles—all the divides and canyons except this hill and the canyon west of Aurora, which is cut out in places, are crossed by an almost natural road. Aurora is what Bob Burns would call

"A GUDIE AULD HAS BEEN."

It is surrounded and filled with ruins and broken walls. The foundations of old hoisting works and quartz mills are thicker than statesmen in congress. The trees have been cut off the hills and even the stumps are being dug up as they have been around Virginia City. The Real Del Monte hoisting works, resting on a high hill above the town, are the freshest and most encouraging feature in the scene. The hills around have more little piles of dirt and holes in them than any I ever saw. They look like new grave yards from a little distance. The road drops rapidly down Aurora canyon to the junction with Bodie creek, where it turns sharply to the left and climbs for ten miles to the town. At this turn stands a fine mill, built of hand-made red brick. Further up others lie around in ruins. One which cost a quarter of a million twelve years ago was about one year since sold for twelve thousand dollars. Just after the road turns into Bodie canyon, it

CROSSES THE STATE LINE,

and is the rest of the way in California. Some ways above it, gets entirely above the timber line, and by the time it reaches Bodie not a tree is in sight in the whole range of vision. The Syndicate, Bodie and Miners' mills hammer away a couple of miles from town; and I must not forget to mention Bodie ranche, which has a couple of acres of spring ground that gets up a green color when the summer is not entirely freezing weather. A few horses feed here, and rumor has it that the grass has grown high enough sometimes to cut for hay. I arrived safely, and have been very kindly and pleasantly received by the officers of most of the mines, who say my credentials as GAZETTE reporter are sufficient to secure admission to all the mines, although nearly all, and especially Bodie, have declined for the last week to give free access to visitors. I will, as per your order, visit the Bodie at once and give you all the particulars; and I will try to make the thing so plain that even a mining expert can understand it. HONEST MINER.

Bodie, June 15th, 1879.

PACIFIC COAST ITEMS.

Warm weather in Ogden, Utah. A rich quartz ledge has been discovered near Wheatland. Ferdinand Fering, a German, suicided at Grass Valley on Monday. A party of anglers caught 200 trout in Independence Lake last Saturday. Chinch bugs in vast armies are warping upon crops in Los Angeles county. Seventy thousand acres of land are under irrigation in Los Angeles county. Numerous horse thieves are depredating near Lacey City, Los Angeles county.

There are 15,000 bushels of grain in the Granger's warehouse at Salem, Oregon.

The grand jury at Shasta have indicted Dr. Silverthorn, the baby-killer, for murder.

Clifton, Apache county, Arizona, stands in danger of Indians, who are very troublesome.

The residents of Tulare and Grangeville are moving for public libraries and reading rooms.

Mrs. L. S. Rogers, of Kern county, announces herself a candidate for superintendent of public schools.

Almost daily wagon trains, laden with emigrants from Southern California, pass through Marysville, bound for Oregon or Washington Territory.

George Reynolds, the Utah polygamist, sentenced to two years' imprisonment and a fine of \$500, was committed to the Nebraska penitentiary on Monday morning.

It is estimated that, owing to the recent rise in price, the wool growers of Mendocino county will receive fully \$80,000 more for their wool than they expected early in the season.

On Monday morning last the body of W. F. Wilson, of San Francisco, was found in the Sacramento River. It is conjectured that he either fell or jumped from a river steamer.

Fred T. Merrill rode from San Francisco to San Jose on a bicycle last Sunday, in four hours and fifty minutes. Deducting one hour and fifty minutes for rest and stoppages, the actual running time was only three hours.

A man was found dead in his bed at Stump's hotel, Nevada City, on Saturday last. He had been on a protracted debauch. He was a stranger and a sporting man, and his real name is unknown. He was known by the sobriquet of "Shorty."

Utah is threatened with a severe drought. Spring has passed without a shower, and there was less snow on the mountains in April than the oldest inhabitant remembers. In Millard, Iron and Beaver counties not enough water is on hand to save crops, while the vineyards in Washington and Kane counties are drying up.

MORRIS SCHWAB & Co., 19 and 21 Post street, San Francisco. Oil Paintings, Water Colors, Engravings and Frames. Yelvet Frames of every description for cabinet pictures. These elegant goods are of the choicest description and are the latest productions of some of our most eminent artists. A free Art Gallery connected with the establishment contains the finest pictures in the city, and some of the finest in America. The latest productions of the best artists in the city go directly from the easel to this gallery. (Visitors from Nevada are invited to inspect this fine collection. The display of Water Colors, fine Oil Paintings, Steel Engravings, Panels, etc., is very large and elegant. Artists' materials and every style of Frames to fill the largest order.

Insurance.

We desire to say to our insurance patrons and owners of property generally that we have secured the services of Mr. T. B. Camp, a professional insurance man who has had several years practical experience in the business and is thoroughly posted in all its details. He will give his entire time and attention to insurance, thus securing care and skill in the writing of policies, so as to properly cover the risks, which is of great importance, as many sufferers by the late fire may recall, as it might have saved them hundreds of dollars in the adjustment of losses. We shall issue policies and adjust losses at our office. D. A. BENDER & Co., my24 1m Agents

REPORT FROM BODIE.
An interesting report on the Bodie mine will be found in the columns of to-day's "Gazette," and to-morrow a long letter is expected on the same subject. The writer went in person and visited the mine in order that the "Gazette" might publish the truth in regard to what we consider to be of enormous importance to this part of the country. The letter from "Hon. est Miner" is one of several which we will publish as fast as they arrive. They will contain a great deal of interesting matter from the mines and country round about.

STATE NEWS IN BRIEF.
Carson cold.
Carson crows.
Paradise Valley crops splendid.
Elko county is to have a new jail.
Eureka apathetic about the Fourth.
Carson will have an archery club.
Winnemucca has a 550 pound fire bell.
Masonic ball on the 24th at Tuscarora.
Miners' Union ball at Austin last night.
New potatoes three cents each in Eureka.
Winnemucca's water works to be enlarged.
Elko has a "hardly ever" temperance society.
Eureka expects Tony Pastor's troupe on the Fourth.
Adult Eureka have more measles than Eureka.
The road to Idaho will soon pass through Paradise.
Sierra Nevada shipped \$60,000 in bullion last night.
The Carson Appeal calls "Pinafore" a "sprightly gem".
Frost last Monday night killed all Eureka's tender plants.
Tuscarora has a ball on the Fourth for the benefit of the school fund.
Silver City has a man that never owned a share of mining stock.
Eureka's new brick theatre will be built by a stock company—100 shares.
Spring City weather—rain Sunday night, snow on Monday till 2 P. M., rain again.
Eureka merchants think of ordering large stocks of buffalo robes for summer trade.
Big strike reported in Big Prizo, pine, Paradise. One ore sample, large as hen's egg, been shown.
The Virginia newspaper men will walk with the Carson editors in the Carson procession on the Fourth.
Tuscarora man in Humboldt sold silver small powder bricks marked "Argenta." Humboldt holds him.
Last Sunday afternoon foot race between white boy and darkey in Tuscarora. Darkey won by half a heel.
Stephen Kohl, owner of a livery stable at Empire, has a mother-in-law in Dublin who has just fallen heir to \$700,000.
Bungeyes and Spring City Picked played base-ball match last Tuesday for ten-gallon keg of lager. Bungeyes' beer.
Eureka passed an ordinance prohibiting Chinese wash-houses in city limits. Test case comes up for trial next Monday.
The body found in the Carson river last Wednesday was that of George Beckwith, janitor of a Gold Hill school, who left home last month crazy.
Three Tuscarorers turned their backs on Denver, Colorado. Capital—30 cents and cheek. "Tuscarora or bust." Home in Tuscarora in 24 days—busted.
"Cold deck and box" rung in on Tuscarora faro dealer last Wednesday. Ringer arrested. Jury held that the "tiger must protect himself in his jungle." Ringer acquitted.
Eureka man with jim-jams, nursed by sympathizing friend. Sick-man went after friend with table knife—desperate struggles, friend much cut and bled freely. Sick-man nurses himself now.
Chas. Ennis, the prisoner who jumped off the train on Tuesday night, had previously tried to dig a way out of the Eureka jail. He made a big hole in the side of the jail, but was detected in time. Found of freedom.
Tuscarora doctor last Sunday gave patient tartar emetic and calomel, instead of paragoric and alum. Patient doing as well as can be expected, and hopes to handle shot-gun in a few days.
Argenta blasting works burnt last Saturday. Only three sets of timbers burned in shaft. Loss about \$3000. Engines and machinery not much injured. Owing to Grand Prize connections, miners were not in danger.

A French Canadian, Frank Choquette, surrendered himself yesterday at Wheatland, saying that he wanted to confess a great crime, but desired first, for the sake of safety, to be lodged in the jail at Marysville. On arriving there he asked for the attendance of a priest, but on his arrival refused to talk then, saying that he was too tired. He shows evidence of insanity, and he is believed to have committed the assault on the two Wheatland girls in a fit of mental aberration. He has been at work in the neighborhood for a number of years, and has a good reputation.

Washington advices report that the Warner silver bill will go over to the next session, and that its prospects of ultimate passage are more than doubtful. Congress will probably adjourn about the middle of next week. A quorum could hardly be kept in the capital any longer.

Rev. I. S. Kallach, nominated by the Workingmen's municipal convention yesterday, has taken the iron-clad pledge and accepted the nomination.

NEW TO-DAY.

Sheriff's Sale.
BY VIRTUE OF AN ORDER OF SALE issued out of the District Court of the Second Judicial District of the State of Nevada, held in and for the county of Washoe, duly attested by the Sheriff of said county, A. D. 1879, on a judgment and decree rendered in said Court on the 15th day of June, A. D. 1879, in favor of William Hoffman and against Antonio Rager and Sarah Rager, for the sum of Seventy-five and 40/100 dollars (\$75.40), with interest on Twelve Hundred Dollars (\$1200) from May 28th, 1878, until paid, at the rate of two (2) per cent. per month, and costs now amounting to One Hundred and Ninety-one Dollars (\$191.83), and attorney's fees now amounting to Two Hundred and Thirty-nine Dollars (\$239.00), all in gold coin of the United States, as in and to the said judgment and decree specified, I hereby give notice that I will sell at public auction to the highest and best bidder for cash in hand in front of the Court House door at Reno, Washoe County, Nevada, on
Saturday, the Twelfth Day of July, A. D. 1879, between the hours of nine o'clock A. M. and five o'clock P. M. of that day, to-wit: at one o'clock P. M., the following described real estate, or so much thereof as may be necessary to satisfy said judgment, accruing costs, and expenses of this sale, to-wit: That parcel of land situate in the addition to the town of Reno styled Dunn's North Addition to the town of Reno, County of Washoe and State of Nevada, and described in the plat and in the survey of said addition to said town, as being that portion or piece of ground in the northwest quarter of the northeast quarter of Section Eleven (11), Township Nineteen (19), North Range Nineteen (19), East, Mount Diablo meridian, lying west of the west line of the continuation of Sierra street, commencing on the north side of Fifth street (or the second street north from Plaza street), and running from thence along the west line of Sierra street to the quarter section corner of the north line of Section Eleven (11); thence along the quarter section line to the north line of Fifth street; thence along the north line of Fifth street to the place of beginning, excepting therefrom certain lands and the right to certain lands conveyed by the ditch styled the English Ditch, as in the mortgage mentioned and excepted, and also the following described real estate, to-wit: all that portion of the northwest quarter of the northeast quarter of Section Eleven (11) embraced within the following boundaries, to-wit: commencing at the intersection of the north line of Sixth (6) street and the west line of Sierra street, and running from thence westerly along the north line of Sixth (6) street to the quarter section line between the northeast and northwest quarters of Section Eleven (11); thence north along the quarter section line to the north line of Sierra street; thence southerly along the said west line of Sierra street to the place of beginning, said lands being situated in the addition to the town of Reno, styled Dunn's North Addition, and being situated in the County of Washoe and State of Nevada.

W. A. WALKER,
Sheriff Washoe County.
Dated: Sheriff's Office, Reno, Nevada, June 19th, 1879.

No extra charge for reserved seats.

Talk is Cheap.
And so are fine clothing, boots, shoes and gentlemen's and boys' fine furnishings goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this state. Everything we have is new. No old, musty, and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices, and examine our stock before going into those humbugging, Cheap John shops, in which they drag into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No store-keeper sells goods for the fun of the thing. We make a profession of everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of our specialties. Remember the place, the White House, No. 19 Commercial Row.
Orders from the country promptly attended to.
ABRAHAM BROS. & CO.,
White House, Reno.

Dr. Mintie's Nephreticum.
DR. MINTIE'S NEPHRETICUM works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder, and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back and loin are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale Druggists, Nos. 3 and 5 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to Directions, give immediate relief and perfect cure in all troubles for which they are recommended.
Osburn & Shoemaker, Agents.

The Pleasant Purgative.

JOTTINGS.

—C. H. Merrill is putting up an awning in front of the International.

—A force of men are at work digging the big sewer through Douglas Avenue from Virginia to Centrestreet.

—William Scott's team of three wagons and twelve animals, rolled out yesterday loaded with freight for Bodie.

—It is gratifying to see that the nuisance on Pat Hogan's lot, which the GAZETTE called attention to, has been attended to. The offensive sink has been filled up with earth.

—One of the train men mentions it as a remarkable coincidence that every sheriff whose prisoner jumps off the cars makes the same remark. They all say "I hope the fellow has broken his neck!"

Keseberg the Confessor.

The Sacramento Bee gives currency to some damaging reports about Lewis Keseberg, whose confession furnishes the sequel to the story of the Donner party in the Truckee Republican, and says: "A story runs to the effect that Keseberg, while intoxicated at one time in a saloon near Truckee, boasted of having partaken of the flesh of Mrs. Donner and of his fine taste, and that a bystander indignantly knocked him down." It is also said that this same Lewis Keseberg was driven out of Green valley in Placer county for boasting of having eaten the flesh of other members of the Donner party.

Mr. Fitzgerald's Address Last Night.

The lecture of Mr. Fitzgerald at Kimball's hall last night was well attended, and was listened to with evident appreciation. The audience would have been much larger had it not been for the lack of seats. Mr. Fitzgerald is a good speaker and goes straight at his subject, which he handles in a plain practical manner. He deals with the temperance question seriously, and does not waste time and words in trying to make the audience laugh, as the average temperance lecturer does only too much.

Getting Ahead of the Grasshoppers.

Grasshoppers have appeared in troublesome numbers on the ranch of W. W. Morton, about two miles south of town. Their appearance has caused Mr. Morton to commence cutting his alfalfa crop earlier than he otherwise would. However, only a few days will elapse before they cutting will become general in the valley.

THE GREAT GOLD MINE.

The Bodie's New Bonanza Still Holding Out and Turning to Silver.

A Quartz Mill Clogged With Gold.

A GAZETTE reporter on Tuesday afternoon was shown through the Bodie mine, and gave a close personal examination to every part of it. The great excitement which has followed the new discoveries makes it very difficult to keep strictly to the dry figures without seeming dull, but hard facts are what men buy stock on, or ought to, and the GAZETTE would much rather be right than get a good item by stretching the truth. The stories which circulate in regard to the ore have been so extraordinary that it seemed to be impossible for them to be true. Without any pretensions to skill as a miner, or knowledge as a scientist, the writer will give

A CAREFUL ACCOUNT

of what he saw, and let conclusions take care of themselves. The party descended to the 433-foot level, and on alighting from the cage were met by John Goff, who had a specimen in his hand, which he handed to Mr. Showers, the foreman, who had ordered him to save all the pieces that would hold together. The one in his hand was said to be the finest which had ever come out of the mine, as it was firm and strong, and held together well. It was given to the reporter who shows it with great pride. From the shaft a cross-cut runs straight east, cutting through a narrow vein of wonderfully rich ore, which goes with a sharp dip to the east, and runs out of the bottom. This streak is about 18 inches wide, and underneath it lies an inch and a half of gold, with hardly enough rock to color it. Much of the rock is finely powdered and crumbles in the hand, and yet it is held together so closely by

THE MATTED GOLD

that it can hardly be pulled apart with the fingers. At this point an upraise, started to meet a winze from the 306-foot level, has reached a height of 20 or 25 feet, and no break in the vein has been discovered. The north drift runs along on the streak, which varies somewhat in different places. At about the thinnest part of it, where it has pinched down to a few inches, a winze was started a few days ago, which was watched with the greatest anxiety by the superintendent. This winze is now down 52 feet, with a vertical depth of more than half as much. Its face is the deepest place in the whole mine—470 feet—and divides the interest of experts with the south drift. The two are the critical points, and are watched day and night. This winze carries the ore vein down on its two sides. It widens out to two feet towards the upper end, and continued about that in the face on Tuesday, which is the latest news from it. The streak of gold is found here, and is

FABULOUSLY RICH.

Down the sides of the winze it can be traced with the naked eye, and one or two carloads would make a good dividend. The great question is as to the permanency of the deposit. This winze carries large quantities of quartz crystals, which are indications of strength. The winze has also streaks of silver ore of a rich character, which is a good indication. The south drift is in 143 feet and has the streak of ore looking very well. It here contains horn silver and much gold. The south winze, 110 feet from the north winze, is in 16 feet, and assays \$5000 in silver and \$2500 in gold per ton. On the 306-foot level the east cross-cut found nothing but a little streak of white quartz, which was passed unnoticed. It is being explored now by a winze which will connect with the upraise mentioned above and is found to widen out and be very rich. The south drift follows it for 56 feet and has 2 1/2 feet of ore, with gold all through it, and

STREAKS OF SILVER.

resembling chloride, but of a more grayish color. The wonderful richness of this streak of ore, which goes all through the Bodie, and which has been cut into at different places, may be judged by the fact that in the mill, after a 24 hours' run, the dies got so clogged up with gold that the stamps could not play. Crowbars were sharpened and used as cold-chisels, and 168 pounds were dug out and put into a bag, which is kept in the office for visitors to lift. The outside points are now all in this vein, and no one can tell how far it extends in any direction. It is thought by many that it will be found in the lower depths of Jupiter, Dudley, and other mines east and west, and others think it straightens up and will go down and turn into a silver-bearing fissure, like the Comstock. At present the veins are so narrow, and the walls so indolent and uncertain, that it is very difficult to tell what a day may bring forth.

Conclusion of Block's Examination.

The examination of E. Block, on a charge of obtaining goods under false pretences, which has been dragging along in the justice court for three weary days, was concluded yesterday afternoon, and resulted in Block's being bound over to appear before the grand jury in the sum of \$500.

Missing Barklee.

A great favor will be conferred on the undersigned by informing her of the whereabouts of W. L. Barklee, a printer. He was last heard from at Cheyenne, Kansas, in Feb. 1878.

Mrs. L. M. BARKLEE.

Butler, Mo.

BY TELEGRAPH.

SPECIAL TO THE GAZETTE.

The Sacramento Convention.

A Woman Perishes in the Flames—The Green-eyed Monster—The Walk for the Astley Belt—A Daring Burglar Captured.

The Walking Match.

LONDON, June 19.—Ennis retired at 4:30 o'clock last evening, having no chance of making the 450 miles necessary to entitle him to a share of the gate money. He was well, and fresher than on Tuesday, but his feet were blistered. Harding also retired after doing 109 miles. Brown and Weston have both beaten all previous records. The score at 3 o'clock this morning stood: Brown 318, Weston, 313 miles and one and one-half laps. Two to one on Brown is offered.

A Burglar Caught.

ST. PETERSBURG, June 19.—The burglar who robbed the receiver's office in Cherson of 100,000 roubles has been arrested. A million roubles were found upon his person.

Burned to Death.

WILLIAMSBURG, Pa. June 19.—The residence of Samuel Miller, near Menroville, was burned this morning. Mrs. Miller perished in the flames. Her husband is not expected to recover from his burns.

Murder and Suicide.

PHILADELPHIA, Pa. June 10.—James F. Dougherty, of Frankford, shot his wife this morning. He shot himself immediately afterwards. Jealousy was the cause of the crime.

The Republican Convention.

SACRAMENTO, June 19.—Last night Frank Pixley was humorously put in nomination for governor, he being in the chair. He declared himself elected by acclamation, and the convention enjoyed a hearty laugh.

On proceeding to business, Sharkey of Butte, placed in nomination George C. Perkins. The nomination was seconded by Captain Dickinson Bowers, of San Francisco colored delegate, by Gassell of Alameda, and Cummings of El Dorado.

Charles T. Jones of Sacramento placed in nomination General George S. Evans of San Joaquin. Eastman of Los Angeles nominated Blanchard of El Dorado; Reed of Placer and Solomon of San Francisco seconded the nomination. Pixley was brief in nominating John F. Swift; Menegogues of San Francisco and J. H. Jewett of Yuba seconded the nomination. C. B. Porter of Contra Costa, nominated Horace Davis; the nomination was seconded by Tracy of Sacramento. Rogers of Santa Clara nominated Dr. May of San Francisco.

Perkins, Evans, Swift and Davis made short speeches.

Balloting then commenced. The first ballot stood: Perkins, 215; Evans, 106; Swift, 31; Davis, 53.

The convention reassembled at 10 o'clock to-day. John Weil of Sierra county has received the nomination for treasurer. A. L. Hart, of Colusa, was declared nominated for attorney-general, on first ballot.

More Convention Nominations.

SACRAMENTO, June 19.—In the Republican Convention to-day, J. W. Sharkey was nominated for surveyor-general. For clerk of supreme court, Frank W. Grass, of San Francisco; for superintendent of public instruction, F. M. Campbell, of Alameda; all nominated on first ballot.

The convention has adjourned until 4 P. M., when judicial nominations will be made.

PERSONAL.

Senator William Doolin, of Eureka county, came down from Virginia and went Eurekaward last night.

Hon. G. W. Cassidy, editor of the Eureka Sentinel and enunciator of that famous moral and political truism, "Platforms are made to catch votes," arrived from the Base Range last night, and went up to the Comstock this morning.

Sheriff McKee, of Lincoln county, came down from Carson to-day with Robert Frazier, whom he is taking to Pioche. Frazier, who was sentenced from Lincoln county to the state prison for manslaughter, has just obtained a new trial, and Sheriff McKee is now taking him back for that purpose.

The Con. Emeralds.

The GAZETTE learns that operations will be resumed in the Con. Emeralds mine about the 1st of July. Competent mining men have pronounced the Con. Emeralds a first-class mining property, and it is encouraging to see it start up again.

Best for California.

A lot of black bass, striped bass, and lobsters, from Maine, New Jersey and New Hampshire, went through on the west bound train last night. They were consigned to the fish commission of California, and will be planted in the waters of that state.

Old Friends in Bodie.

A. H. Wilbur is book-keeper for Porter & Co., lumber dealers. I. H. Alexander, of Verdi, is night watchman at the South Standard mine. C. W. Foster is engineer at the South Standard.

William Mayberry is foreman of Hill & Mayberry's lumber yard. H. Ward is in the furniture and undertaking business.

C. Lemery is engineer at the Bodie mill.

Richardson & Salisbury are in the boot and shoe business.

J. C. Quinn, an old Central Pacific boy, is putting up machinery at the Neodany.

Pat Hogan has one of the finest places in Bodie. It is in the heart of the town, and brings in a big rental.

Cheap Millinery Goods.

Miss Lizzie Brown advertises a large stock of ladies' and children's straw hats, and all other kinds of straw goods for sale at a bargain.

Banner Brothers' Clothing Store.

The Banner Brothers have constantly coming and always on hand the latest styles of clothing of every variety. They are live men and mean business. They sell at the very lowest possible rates. Look at some of their prices:

Full Suits—Coat, Pants and Vest	\$3.00
Men's Casement Suits	\$7.50
Men's Diagonal Suits	\$15.00
Black Dress Suits	\$25.00

These suits are worth double the present prices. Banner Brothers have the finest stock to be found on this coast, embracing everything a man can get on his back together with all sorts of trunks and valises to put it in. They have just received an immense stock of Spring and Summer goods. Call and see them. Corner of C and Taylor streets, Virginia, Nev. BANNER BROTHERS, Jan 19

Bargains! Bargains! Bargains!

Call and see! Tarlatan shade hats, 50 cents. Straw shade hats, 50 cents. Sailor hats trimmed, 75 cents. Children's trimmed hats, \$1, and all kinds of straw goods in proportion. Jan 19 W. L. BROWN.

No War! No Sacrifice!

But always the sledge hammer on high prices. From the very day I opened I sold the very goods which are advertised at panic prices, for 25 per cent. less than are now offered by the noble warriors; farther more I do not offer a few articles as a bait, but I sell all my goods for less than ever heard of this side of the Rocky mountains. All who have traded with me can testify to the truth of the above, and those who have never traded with me I most cordially invite to be convinced. JEFF

Piano Lessons.

Master Bennie Barnett, late pupil from the Conservatory of the eminent composers and teachers, Professors Mansfield & Scott, of San Francisco, will give instructions on the piano. He has been instructed with the tuition of Professors Mansfield & Scott's own pupils, which is certainly proof of his ability. He also adopts their method of teaching, which is thorough in the minutest details. For terms, etc., inquire at I. Barnett's drygoods store. JUNE 19

WHY STAY POOR?

The millions of the Comstock were a lucky find. Worthless looking rock is often rich in treasure. At Leadville a simple assay made millionaires of many. Other bonanzas where least suspected await the coming of some un-

At Virginia City, Nevada, assays for Gold and Silver are made at \$1.00 per sample, by CONRAD WIEGAND, formerly the Supervising Assayer of the U. S. Mint at San Francisco.

The mail will carry ore-samples to his office for one cent per ounce.

Reports which may be relied on absolutely come back by return mail, or results are telegraphed when ordered so.

We sell these prepaid tickets at a discount when \$5 worth or more are ordered at one time.
Small sacks for mailing ore samples also for sale at a nominal price.
For further information address
